Boonton Public Schools District Calendar 2011-2012

Dear Boonton School District Family Members:

It is my pleasure to welcome you back to the 2011-2012 school year. The Board of Education, administration and staff are committed to ensuring a safe and supportive environment for all students. With the onset of a new school year, we have worked diligently to continue to build upon prior accomplishments while formulating a plan for the future.

This is an exciting time to be a part of the Boonton School District. First and foremost, student achievement is paramount and we are committed to providing a comprehensive and rigorous education for all students. Several administrative changes have been made that will continue to result in improvement. Dr. Robert Sutter has taken over the Principalship at the John Hill School. His strong leadership will usher the district through the opening of our new K-8 school in the near future. Mr. Gus Modla has taken over the reigns as Principal at School Street School. His years of experience will help us plan for the integration of our primary school into the new John Hill School. In addition, Mr. Modla will become more involved in central office functions and will take on some special projects. Finally, Ms. Jacalyn Richardson has assumed the responsibilities as Principal of Boonton Middle/High School.

I am also pleased to present a new Boonton High School Redesign of our Administration and Guidance Department. In lieu of a Vice Principal, Director of Guidance, Supervisor of Math/Science, and Supervisor of English/Social Studies, Boonton High School proudly introduces four Deans of Programs and Students for each grade level. Each Dean will oversee one grade level of students and follow that grade level every year through graduation, supervise assigned content areas, and implement new programs. This new structure resulted in cost savings and will bring greater levels of connectivity and communication between home and school. Each Dean will also have an accompanying Guidance Counselor. Boonton High School will now have four counselors to provide increased individualized attention for our students. Our new Deans and Guidance Counselors spent a lot of time this summer getting to know and each every student with phone calls and reviewing files and transcripts and having the opportunity to meet families in person at our "Meet & Greet" reception.

Our referendum projects are moving along as planned. At the John Hill School, we are on track for a mid-year opening of the new addition. When that occurs, the John Hill School students will occupy the new space so that renovations can begin in the existing John Hill building. Once finished, we can bring our School Street School and Boonton Middle School students to the new site and launch the opening of the new John Hill School. At the High School, all new science labs and science demonstration classrooms are being installed and ready for use this coming fall.

We are building upon initiatives that have been introduced in the past few years and also introducing several new ones. Edline, a web based program, will host our school and teacher pages that will contain school and district information, classroom content and secure student-specific reports. All students and families will be issued usernames and log-on information. We are truly excited to roll-out Edline as it has shown to increase parent involvement, raise student achievement and save paper-based costs. Also new this year will be open hours at our High School Computer Labs for families that may need access to the internet. Naviance (a web based guidance planning program) and Pathways to Learning Academies (an interest-based, learning path) are both programs that have been introduced already but which we'll be expanding. Many other programs await our students and families this year including a Parent University, new clubs and activities, PSAT/SAT courses, an updated Academically Talented and Enrichment program at our elementary schools, web-based review programs for our Advanced Proficient classes, a new technology program at the Middle School, and many more.

As you peruse the 2011-2012 district calendar, I am sure you will note all of the educational opportunities we have planned for our students, families, and staff members. Parents and guardians play an incredibly important role in the development and success of our students. Our schools cannot succeed alone. Your daily interest in school experiences, attendance at school functions, and assistance with homework and school projects are critical factors. Please be assured that our doors are open for you to become partners with us. We are truly on a road to success and this journey is made even more special because we are on it together. On behalf of the Board of Education and administration, I thank you in advance for your efforts and commitment to the Boonton School District. Have a wonderful school year and I look forward to seeing each and every one of you.

Respectfully,
Christine A. Johnson
