RE: Commodity Peanut Butter

Please be advised the NJ Department of Agriculture has cleared commodity peanut butter in the recent peanut butter recall. Beginning Friday, April 3, 2009, the cafeteria services at Boonton Public Schools will commence serving commodity peanut butter.

Thank you for your patience.

[Excerpt from the NJ Department of Agriculture website below:](#)

Salmonella/Peanut Butter Recall

There is no commodity peanut butter involved with the current peanut butter recall. The only company that USDA peanut butter was sent to for processing in New Jersey was Smuckers and a statement from this company can be found at www.smuckers.com.

For information on what commercially purchased products may be affected, visit the link below:
