

Certificate of Environmental Leadership and Stewardship

On May 17, 2009, this certificate is awarded to

SCHOOL STREET ELEMENTARY SCHOOL

*in recognition of their most valuable contribution to the "Flip Your Lids" contest,
first plastic bottle caps recycling program in the United States of America,
initiated by Aveda, a global leader in corporate environmental sustainability.*

*The school collected **10,011** of an astonishing total of
2,238,053 caps!*

*Thanks to you, these caps have been "flipped" into new caps or containers rather
than pile up in landfills, litter our world, or threaten wildlife.*

Caps off to You ~ with waves of thanks,

Cindy Zipf, Executive Director, Clean Ocean Action
