

**TAKE  
CONTROL  
OF YOUR  
FUTURE.**

**High school is an important time.** You want to be sure that what you're learning is preparing you for a successful, fulfilling life. That's why Boonton High School has created four specialized Academies for our students: **Business, STEM, Criminal Justice, and Teaching and Learning.**

**Each academy:**

- allows you to earn college credits at no cost while you lay the groundwork for a successful college and/or professional career
- features hands-on, practical field work and internship opportunities, along with focused and innovative course work
- has been developed in cooperation with New Jersey colleges, universities, and professional organizations.

Plus, Boonton Academy students can enjoy the friendship, fun, and competition of Boonton's full array of sports, clubs, and extra-curriculars.

## **BUSINESSACADEMY**

AT BOONTON **B** HIGH SCHOOL

Starting and running your own company. Laying the groundwork for a successful career in business, finance, or law. Understanding the principles of accounting, economics, and marketing that drive sales and profit in the US and around the world. The Business Academy is a powerful introduction to the business world, and includes a 100-hour, real-world immersive field experience.

**College credits: 15 – 21**, plus any additional credits earned through AP or college-level courses.

---

## **STEMACADEMY**

AT BOONTON **B** HIGH SCHOOL

Explore one of the fastest-growing and most lucrative family of career paths at The STEM Academy. Courses delve into topics in Science, Technology, Engineering and Math, including Computer Science, Architecture, Robotics, Game Design and more. A 100-hour, real-world immersive field experience caps the program.

**College credits: 15 – 18**, plus any additional credits earned through AP or college-level courses.

---

## **CRIMINAL JUSTICE ACADEMY**

AT BOONTON **B** HIGH SCHOOL

Law and justice. Police work. Fire fighting. The Criminal Justice Academy promises a wide-ranging course of study, with opportunities to explore law enforcement, public safety, forensics, and the legal system. Students will delve into the psychology, science, ethics, and enforcement techniques that define our criminal justice system. The 100-hour immersive field experience will include opportunities for training with law enforcement, fire and/or public safety professionals as well as within the legal system.

**College credits: 15 – 18**, plus any additional credits earned through AP or college-level courses.

---

## **TEACHING & LEARNING ACADEMY**

AT BOONTON **B** HIGH SCHOOL

Education and human services are growing fields with expanding demand for qualified professionals. The Teaching and Learning Academy prepares students for college study and careers working with children and young adults. Field experiences will introduce students to a variety of practical real-life opportunities.

Graduates from this academy receive their Child Development Associate (CDA) Educational Endorsement Certificate of Achievement – the only nationally recognized certification for Early Childhood Education, which is accepted by New Jersey for working in many early childhood centers.

**College credits: 15 – 18**, plus any additional credits earned through AP or college-level courses.

---

### **College Credits**

College credits earned through The Academies at Boonton High School are accredited by Fairleigh Dickenson University and/or The County College of Morris. Along with any college credits earned through AP exams, they are generally transferable to public colleges and universities in New Jersey and beyond, depending upon the policies of individual schools. Private institutions generally accept fewer transferable credits.
