

To all JHS AND SSS Families,

There are a lot of exciting changes planned for next school year, and I am happy to announce I have been hired to oversee the new Out of School time programs. Bridges will be expanding to include before school care, a 1 hour after school program, school closing programs and early dismissal Monday coverage. We will also continue to offer our traditional after school program which provides coverage for parents until 6PM each day. Information and pricing on each of these programs is provided below. Registration will be available beginning **Monday June 11th**. Please visit our website at www.boontonschools.org/bridgestolearning to register.

As always, if you have any questions or concerns, please feel free to contact me via email at bridgestolearning@boontonschools.org.
