* Four emergency closing days are built into the calendar in anticipation that there may be a need to close school due to inclement weather or other unexpected situations. Should we not make use of these emergency closing days, school will be closed on the days where an asterisk is present and in the order outlined below.

1. If we have an emergency closing date prior to February 20, then school will be in session on February 20.
2. Following February 20, the next date that we would be in session as a result of an emergency closing day is May 28.
3. Following February 20 and May 28, the next date that we would be in session as a result of an emergency closing day is May 24
4. Our fourth and final built in day to make up for an emergency closing date is June 14.

If we have a need to make up days beyond those noted above, we will do so during the spring break week beginning with Friday, April 5.
