* Four emergency closing days are built into the calendar in anticipation that there may be a need to close school due to inclement weather or other unexpected situations. Should we not make use of these emergency closing days, school will be closed on the days where an asterisk is present. These dates include February 18, May 23, May 27, and June 13.

If we have emergency closing dates, the calendar will be adjusted as follows:

1. If we have an emergency closing date prior to February 18, then school will be in session on February 18.
2. Following February 18, the next date that we would be in session as a result of an emergency closing day is May 23.
3. Following February 17 and May 23, the next date that we would be in session as a result of an emergency closing day is May 27.
4. Our fourth and final built in day to make up for an emergency closing date is June 13.

If we have a need to make up days beyond the four built-in days, we will do so during spring break beginning with Monday, April 21, then Monday April 14, and then Tuesday April 15.
